Products Mill

Conqueror 25% Recycled Stoneywood Mill (Scotland)

Product data

- Arjowiggins works to continually reduce the environmental impact of paper manufacture.
 - All Conqueror Mills have a certified accredited Environmental management system (ISO 14001).
 - **Fully FSC certified**
 - **Carbon Neutral in 12 countries** : the UK, Germany, Belgium, Luxembourg, the Netherlands, Switzerland, Finland, Denmark, Norway, Iceland, Sweden and Austria.
- Conqueror is ideal for business stationery, brochures, annual reports, invitations, promotional literature.

Conqueror 100% Recycled is made from post consumer waste sorted and deinked at our Greenfield site in France.

It is available in 3 finishes : Wove, CX22 and Laid.

Available in Diamond White Recycled and Brilliant White Recycled in a number of weights from 100g to 320g

Fibres Sourcing

Recycled fibres * : >25 % - Post Consumer Waste

Virgin FSC fibres ** : <75 %

* Coming from Greenfield plant, part of Arjowiggins group.

** Virgin fibres are FSC credit mixed sources and ECF bleached, without using chlorine gas.

Chemicals

- No substances classified as carcinogenic, mutagenic or reprotoxic (CMR) are used as raw materials.
- Chemicals are sourced that have low impact on the environment.
- Arjowiggins complies with the new REACH (Registration, Evaluation, Autorisation and Restriction Of Chemicals) European regulation created to improve protection of human health and the environment from the risks that can be posed by chemicals as well as the promotion of alternative methods of assessments, and enhancing competitiveness and innovation.
